

Greetings Highway Patrol Friends & Colleagues

I hope that all are well and as secure and prepared for the impending storms headed for the U.S. Florida presently has more *known* members (14 / 15 in winter) residing there than any other state. Pennsylvania is second with 10 members, followed by Texas with 7. The news shows a mass exodus northbound with mandatory evacuations. By the time that this is read, I hope and pray that you have reached high ground and ready to ride out whatever comes our way.

If you are regularly perusing our web site: 62HP.org, and if you have checked the [reunion](#) page, you already know that the 2017 reunion was reluctantly cancelled due to insufficient registration & interest. Too bad, as those that came in the past always seemed to enjoy themselves and it gave us the opportunity to renew friendships. Perhaps someone will decide to try to arrange for (or sponsor) some future activity, even if only for a couple of days, and some place that is of interest to more individuals.

The photos are all back on line once again with several new photos posted thanks to previously mentioned troopers (Bob Parretti and Jerry Hawkins). Click on the appropriate links on the [pictures](#) page to open the album(s) that you wish to view. While I was updating the photo page and moving the various albums to their new sites, I spent considerable time reviewing various photos. I am truly saddened by noticing how many of our comrades and former members have passed on since they made an appearance in some of the earlier reunion meeting photos. I am also bothered by the aging process revealed at my photos taken at various reunions. Why is it that I look older, while the rest of you seem to get younger and spryer?

We are still missing photos from several of our earlier reunions (1997, 1999, 2000) – and a couple of the other reunions (2007, 2010, 2011, 2012, 2014, and 2015) only have a very few photos. I know that many of you did take some pictures at these reunion activities. Your photos may be the only remembrance of the event for the rest of us. Please take a few minutes to check the pictures on our [reunion](#) photo links and see if you might be able to add to the collection. You may also find it interesting to see the changes in some of us over the years. Remember those that have left us.

Yeah, I do tend to nag about some of these matters, however, based on recent activities – we may never have another opportunity to gather together again.

What a shame as our once thriving and viable group did enjoy their times together.

YOUR CURRENT, (and *VALID*) E-mail address is needed as it appears that Email is our only viable option for communication (in addition to the website). I have periodically been sending out HP information to interested members, however, there is currently only 41 viable (good & active) email links for the present roster of 127 known surviving former HP members. Ideally, we should have viable E-mail addresses for everyone that uses a computer. If you have contact info for any of your former comrades and/or any of our members Please send them to me and I will update the list. I will gladly share the email list or the roster with any of our group that request a copy.

Email for John Hofman recently advised that his email address has changed to: jhofman807@gmail.com.

Please stay safe,

Larry
